## CALIFORNIA MAN TELLS FARMERS HOW IT IS DONE

Model Co-operative Sales Plan is Explained at Farm Conference.

Mutual Confidence Necessary to Make Success Of This Method.

Washington, Jan. 25.—American agriculture as a whole "could profitably study the factors that have contributed to the welfare of California in the face of general business depression," G. Harold Powell, general manager of the California Fruit Growers exchange declared today in an address before the National Agricultural conference. Mr. Powell declared the success of the cooperative marketing depended "upon the will of the farmer to cooperate" and on the development of "a spirit of mutual confidence and trust" between these engaging in the venture.

Cooperative organizations, he said, should be composed exclusively of farmers and managed by farmers with the benefits returned to each member determined by his patronage of the organization. He advocated payment of only a interest on capital stock and that voting power should be based on "one man vote," principal.

He said a cooperative association could be held together by contract or agreement between it and each member and that the benefits should extend over long periods of years. Such organizations, he added, however, the best chance for success if they handle only one crop. Extension of an organization to local communities through small units, he suggested, might increase its usefulness.

Recommendation for repeal of the community act and return to the state railroad commission of control over state rates was voted today by a substitute committee on railway transportation of the national agricultural conference. The vote on the repeal of the guaranty clause was 12 to 5, and on the return of the state railway powers 11 to 5.

## URGES HUNTERS TO BUY LICENSES NOW

Columbus, Jan. 25.—"Buy your deer licenses and trappers' licenses now," is the advice sent out to all hunters, sportsmen and trappers, by A. C. Baxter, chief of the Ohio Fish and Game Division. Baxter calls attention to the fact that the deer license now being played safe, and there will be less chance of neglecting it and going into the woods later on. The division is anxious to have as much license money paid as possible early in the year. The division also urges farmers to buy hunters' and trappers' licenses, even though they are exempt on their own lands legally. This makes them safe in case they desire to step over on neighboring territory, and will also increase the license fund which is used to restock Ohio farms with game and to further the work of wild life conservation of the kinds.

Keyser, coroner of Van Wert county, holds harmless the crew of a Pennsylvania railroad freight train in the death of six children of the Ridge school when the train struck a school bus two weeks ago. Keyser has entered a verdict of accidental death, due to a heavy fog obscuring view of the driver of the school motor bus and Engineer J. D. Trimble of the freight train. The Van Wert coroner, who recently refused to indict Trimble on a charge of manslaughter, says later father of two of the children killed has not pressed a charge of manslaughter filed against the engineer.

## GUNMEN HAD NEWARK PICKED

Gang Arrested at St. Clairsville Carried a Map With Prominent Business Place Mapped.

B. and O. Detective Pearl McCormac of this city, had a narrow escape from death Tuesday afternoon when he was held up at Barnesville by two negroes, Hansel Williams and Walter Taylor.

In the arrest of the negroes later, the police at Zanesville believe they have put an end of Cleveland gang men, and that Newark was saved from an attempted hold-up of prominent business places. On Taylor was found a map of the city of Newark, and it is said a prominent business institution was marked on the map. Which place in the city was so designated could not be learned.

McCormac was standing on the platform of the station at Barnesville yesterday afternoon when Conductor O'Connor of B. and O. freight train No. 98 gave him the signal to get some train riders.

He went back to the car designated and ordered the men to get out. They came out but Williams whipped out a 22-20 Colt revolver and covered McCormac. Taylor then came out, and was followed by a third man, white, and who took no part in the fight. McCormac had no chance to draw his gun. After covering the detective the negroes backed away and started on the train.

McCormac stationed the white man on the train to see if they returned to it and then wired ahead to Belmont to head them through Belmont, and St. Clairsville was notified.

The Belmont county sheriff and two deputies with a posse of about 40 citizens, started out to overtake the men. A running battle ensued and numerous shots were exchanged. After their ammunition was exhausted the negroes were captured and placed in the St. Clairsville jail.

The two negroes with a foreigner named Stellans had been arrested in Zanesville Friday night, when they were found loitering around the B. and O. depot at Zanesville. A gun was found on Stellans, but all that was found on the negroes was a rope about the size of window cords, and a piece of cloth a yard wide, which might have been used as a mask.

They were held on a vagrancy charge, but were released Saturday morning on condition they leave the city.

McCormac went to St. Clairsville today to appear against the men.

## KNAUSS URGES PRECAUTIONS

Declares All Cases of Eruptive Maladies Should Be Viewed With Suspicion and Reported Promptly.

In speaking of the prevalence of contagious diseases in the city and the possible recurrence of smallpox, Health Commissioner Knauss said this morning that it behooves each person to take warning and assist the authorities in every way possible to prevent back occurrence of smallpox in this community and spread of it should it appear. That it is all important that every case of chickenpox and cases of eruption that resemble it, cases having similar eruption, appearing often times overnight, be reported to the health department at once, since prevalence of it opens the doors for admission of smallpox, on account of the similarity in appearance in mild cases in many instances in the beginning of the eruption.

Dr. Knauss stated also that any one knowing or suspecting the existence of such a case, and not having been reported, and quarantined should, for the protection of themselves and the public, report the case at once. "In fact," he said, "it is each and every man's duty to assist in this work." He also said that the local authorities are quite insistent upon the enforcement of laws and regulations relating to contagious diseases and cannot tolerate violations of them. Ignorance cannot be accepted as a plea in case of violation, in view of the widespread publicity regarding these matters recently.

One new case of diphtheria, one of scarlet fever and one of chicken pox, were reported this morning.

## BURN OHIO COAL, IS RENEWED APPEAL

Governor Harry L. Davis has renewed his appeal to Ohio coal consumers to burn only Ohio mined products. In a letter to Mayor Orr, received this morning, the governor urges the mayor "to exert his influence to secure patronage of Ohio miners."

The governor in his appeal points out that the Ohio coal is just as good as that mined elsewhere, despite the claims of other states to the contrary. He declares that the coal in this state is suffering for want of employment, all because foreign coal is brought into the state at a lower cost than it can be shipped in Ohio, due to the difference in interstate and intra-state freight rates.

**ELAINE HAMMERSTEIN IN  
"THE WAY OF A MAID."**  
Elaine Hammerstein has found the happiest of light comedy roles in the delightful Selznick picture, "The Way of a Maid," which begins at the Grand theater for a two day run tomorrow.

This captivating tale of a young society heiress, who, without father or mother to advise her, mischievously plays the role of a lady's maid to her confusion and embarrassment, offers Elaine Hammerstein every kind of histrionic opportunity. Seen in the fancy dress costume of a maid by a tipy young millionaire, who takes her for a girl, Nadia Castleton is tempted into the compromising position of accepting his attentions. In fact she poses as her own maid, Marie. Unfortunately, young Tom Lawlor is in earnest. Complications develop fast. And when Nadia's finances fall suddenly about her head at this juncture, the nearest avenue of escape for her is to accept the offer of Tom. In the grip of circumstances, she yields further to the spirit of adventure. The Lawlors having come East to climb the social ladder, have need of a country home. Nadia is for rent. Mrs. Lawlor leaves it. Then, wanting a companion to instruct her in the intricacies of social form, she engaged Nadia through her son Tom. The family move to the Castleton summer home. Here situation follows situation in exciting rapidity, until the cat finally escapes the bag.

**NELL SHIPMAN IN  
"GIRL FROM GOD'S COUNTRY."**  
"Something different," full of the unusual, surprises, thrills, a big love interest, a bit of sorrow and lots of smiling comedy, the exceptional entertainment that is found in the latest Nell Shipman production, "The Girl From God's Country," starring Nell Shipman.

It is said that moving picture stars—in fact, any of them with a bit of something like talent enough to get them into the limelight—are temperamental. They are supposed to be "something different." It may be, however, that they are made so by an expectant public that would be disappointed if they were just ordinary folks like Mrs. Jones or Mrs. Smith, the old door neighbor. And Miss Shipman keeps true to form. She is "something different." And why not? Who wouldn't be, with a P. A. S. and D. to their credit as "something different." It may be, however, that they are made so by an expectant public that would be disappointed if they were just ordinary folks like Mrs. Jones or Mrs. Smith, the old door neighbor. And Miss Shipman keeps true to form. She is "something different." And why not? Who wouldn't be, with a P. A. S. and D. to their credit as "something different."

**"PASSING THRU." AT  
THE ALHAMBRA THEATER.**  
Today and tomorrow the Alhambra offers "Passing Thru," a delightful new Paramount picture starring the clever light comedian, Douglas MacLean. This tells the amusing story of a young man who continually assumes the responsibility of others and finds himself in a serious trouble as a result. Mr. MacLean is cast to fine advantage in the role of Billy Barton, a bank clerk who takes the blame for a

theft and is sent to prison. He escapes on his way to the penitentiary and settles down as the hired man on Farmer Hawkins' farm. He attempts to settle a long-standing quarrel between Hawkins and Mary's father, the town banker, and gets into more difficulties. He is eventually vindicated, however, in a climax of total unexpectedness. You will like "Passing Thru."

**A CURWOOD FILM DRAMA  
MAKES FAN OF AUTHORESS.**  
Kate Douglas Wiggin, authoress of that famous American story, "Mrs. Wiggs of the Cabbage Patch," and scores of other typically appealing American novels, was recently converted into a motion picture fan. Mrs. Wiggin had up until several months ago a distaste for the motion pictures which, while based on no particular tangible reason, kept her from seeking entertainment during her leisure hours in motion picture theaters.

Her conversion came about when she came in close contact a month ago with a company of photographers out on location making their picture. The picture is entitled, "God's Country and Law," and being a James Oliver Curwood outdoor story, the scenes for it were being taken up in the Maine woods. Auditorium Thursday and Friday.

**BAND CONCERT STARTS  
TODAY AT 8 O'CLOCK.**  
The band concert tonight at the Auditorium will start at 8 o'clock. This perhaps will be one of the real events of the season. The house is nearly sold out and Shiner's of Locking county will be there with bells on.

**FIRST NATIONAL  
PICTURE SHOWING.**  
Those who saw the First National Feature "Courage at the Alhambra" last week, will want to see "Xenobia," another Realart West-First National, in which the following well-known stars are shown: Javel Carmon, Wm. Davidson, Kenneth L. Hart, Frank, Grace Studdiford, George Fawcett, Lionel Pape, Henry Selley, Ida Darling, Charles Wellesley, William McGraw, Riley Hatch and others.

Do you remember the Elwell murder mystery? Confidentially this picture is alleged to be the unpublished solution of the incident connected with this famous New York crime. Anyway, it is an absorbing and thrilling well-told photoplay that defies the wisest fan to guess its outcome.

**"THE RAINBOW GIRL."  
AUDITORIUM SATURDAY.**  
Billy Clifton the leading laugh maker in "The Rainbow Girl" which is to be at the Auditorium theater, Saturday afternoon and evening plays the part of a traveling actor who is pursued by a coterie of wives for unpaid alimony. In order to escape them he appears in several disguises, masquerading during most of the entertainment in the person of a bishop. As the "Bishop" he is unceremoniously introduced in the home of the English nobility, and it is here that his troubles begin, for he has to make good. Knowing much about acting and very little about the church, he is much distressed when he is presented to two spinster sisters of the household as the Bishop of New Zealand. The spinster sisters, who are made up as twins dressed alike, played by

Jane Durby and Gertrude Perry, immediately take the "Bishop" under their wing and interrogate him regarding his diocese. "They grow so large," says the "Bishop," and the fun begins. As one of the spinsters is deaf and as there is no way to distinguish the one from the other, Clifton in his dual personality of the actor-churchman, is precipitated from one dilemma to another. Seats go on sale Thursday.

**BIG THEATRICAL  
EVENT "JANE COWL."**  
A conspicuous theatrical event is more or less a rarity nowadays, and therefore this city will be especially favored when the Selwyns present Miss Jane Cowl in "Smilin' Through," which comes to the Auditorium theater soon.

The story of "Smilin' Through" is said to be unique, which may be more readily believed when it is known that in it Miss Cowl will play a double role with a blend of tender pathos to please those who love her best in the tearful mood, and a whimsical humor in which she is so very charming. Moreover, the transition of time in this very unusual play is such that she will be seen in the modern type of dress which she so well adorns but also in the picturesque beehive-skirted frocks of fifty years ago.

Described as a fantastic comedy there is the further assurance that "Smilin' Through" brings a tender, cheering, optimistic message which should make it peculiarly appealing in these days of general unrest. "Smilin' Through" is by Allan Langdon Martin.

Miss Cowl has insisted upon her entire New York company accompanying on this tour and many famous metropolitan players will be seen in "Smilin' Through."

**Advertising Special Sales.**  
Editor Advocate: If allowed space in your paper, I would like to ask why the merchants of Newark could not advertise their special and reduction sales for Saturday on Thursdays instead of Friday as country people as a rule do not get Friday's paper until sometime Saturday, after they have been to Newark.

I overheard two country women talking, saying if we got our paper in time we could come prepared to buy something we need. After they turned away two city women said, "those adds are for the city people. Are they, or are they not. It looks that way."

**CRUEL AND UNUSUAL?**  
Springfield, Ill., Jan. 25.—Deaths in the Sangamon county jail here aroused a complaint by Mrs. Clarence Smith, after Federal Judge Fitzhugh had sentenced her to jail there for three months for bootlegging. She told the judge the

Springfield jail was unfit for human beings and the judge transferred him to Bloomington.

Portsmouth: The December tax collection here will pass the half-million mark, country treasury officials estimate.

**RIGHT NOW,** in the middle of winter, is the economical time to make the change. Your Heating Expert has much more time now than he will have later on.

And you need not hesitate because the days are cold. Your furnace or stoves can remain until ARCOLA is installed and at work.

Do it now—today—and enjoy ARCOLA's friendly warmth through the three cold months that are still to come.

ARCOLA can be connected with the kitchen tank also, giving hot water for household use

ARCOLA'S initial cost is surprisingly low and the cost comes back to you. Thousands of ARCOLA owners testify that ARCOLA pays for itself in the fuel it saves.

## ACCIDENT VICTIM BURIED TUESDAY

### Funeral Service for Orlo Dunlap of Granville is Held at Home of Parents.

Special to the Advocate. Granville, Jan. 25.—The funeral service for Orlo Dunlap, victim of the coasting accident Saturday night, was held at the family residence, Granger street, Tuesday afternoon with Rev. R. G. Bowden of the Methodist church officiating. Many friends and relatives from out of town were present.

## HAVE TO GET UP NIGHTS FOR BLADDER RELIEF?

Try Simple Method This Dayton Man Reports Relieved Him Quickly.

Mr. Wm. D. Ostermeyer, 225 E. Second St., says in his own home paper, the Dayton Daily News: "My bladder caused me to get up many times at night and also inconveniently often as often as every 30 minutes in the day. After taking a few Lithiated Buchu tablets my bladder is perfectly normal. They also relieved a very lame back for me. It gives me much pleasure to tell my friends about these little tablets."

Lithiated Buchu acts on the kidneys and bladder like onion salts on the bowels. It cleans them out. It is not a patent medicine as the formula is on the package. The tablets cost 2c each. This price makes it possible to place in the formula several high priced drugs, which are useful for relief. Very likely you have never taken anything like this remedy. Try a few doses for backache, scalding, scanty or high colored urine, and frequent desire to urinate.

You can get Lithiated Buchu, Ostermeyer formula, at Evans' drug store, Human's Arcade drug store and drug stores everywhere, or write The Keller Laboratory, Mechanicsburg, Pa.

## CATARRH OF THE STOMACH IS DANGEROUS

"Thousands Have It and Don't Know It." Says Frequently Mistaken for Indigestion—How To Recognize and Treat.

"Thousands of people suffer more or less constantly from farred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is poisoned and carries the infection throughout the body. Mucous ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismuthated Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach, while the bismuthated magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover the Bismuthated Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food without distress of any kind should soon follow. Bismuthated Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismuthated Magnesia with other forms of magnesia, milks, elixirs, etc., but get it in the pure bismuthated form (powder or tablets) especially prepared for this purpose.

**SECRET OF GOOD DISPOSITION.**  
A woman who carefully safeguards her health benefits her disposition. She will be happy and attractive to all. The world unfortunately is filled with sweet women who are unhappy because they are held back from usefulness by troubles so common among them. Fretfulness and nervousness rapidly destroy good dispositions. Sickly, all-worried women cannot make happy homes.

Lydio E. Pihikan's Vegetable Compound is a safeguard of women's health. This is clearly proven by the many letters we are continually publishing in this paper, from women who have been restored to health and happiness by its use after years of suffering. Why don't you try it?
